TO WHOM IT MAY CONCERN

Dear Sir/Madam,

RECOMMENDATION FOR NATE AFRICA CONSULTING LIMITED

WaterAid Uganda contracted Nate Africa Consulting Limited to deliver the Study on Inequalities in Accessing WASH Services in Uganda between **September 2024** and **March 2025**.

The consultancy team demonstrated high levels of professionalism, technical competence and reliability throughout the assignment. Their work covered 16 districts, schools and health facilities with all milestones delivered on schedule and to the highest quality standards.

The study produced valuable evidence that is directly shaping our programming particularly in strengthening WASH promotion within schools and health facilities. Notable strengths included:

- Solid technical expertise in WASH research methodologies aligned with UNICEF/WHO frameworks.
- Effective stakeholder engagement, including marginalized communities.
- Strong project management and adherence to timelines.
- Clear, actionable recommendations for institutional WASH improvement.
- Professional collaboration and cultural sensitivity.

WaterAid Uganda therefore recommends Nate Africa Consulting Limited for WASH-related consultancy assignments. Their expertise in institutional WASH assessments and promotion strategies makes them a reliable partner for organizations committed to improving WASH services in schools, health facilities and other community settings.

Yours sincerely,

Joyce Mpalanyi Magala
Country Director

Clean water, decent toilets and good hygiene.
For health, for life, forever.
